

2024 Conference in Applied Econometrics using Stata, France

May 23-24, 2024 | Marseille (France)

The conference aims to welcome quality research in applied econometrics from all fields using Stata to perform their analysis. It will not be focused on the presentations of user-developed commands but will offer the opportunity to present applied works developed in Stata.

We welcome submissions in all fields of economics and econometrics and in particular labour economics, human mobility, financial markets, development economics, microeconometrics, macroeconometrics.

Keynote speakers

- **Simone BERTOLI**, CERDI, Univ Clermont Auvergne
- **Max FARRELL**, Univ of California, Santa Barbara
